

Traditional Inuit Myths and Legends

What are Inuit Traditional Stories?

Inuit traditional stories have been passed on from person to person for generations in the Arctic. These stories are part of Inuit oral history and could include cautionary tales, stories of how the world and all its inhabitants were created, experiences with supernatural beings, or stories that chronicle great journeys. These stories are encoded with traditional knowledge and Inuit values.

Titles preceded by this symbol are written by Elders.

Hey there,

When I was a child, we used to listen to storytellers arranged by the school. The elders would come to our classes, or we would have to go visit them at their houses to listen to them tell stories. I was fortunate to hear quite a few as a child.

Nowadays, not very many children are exposed to these stories. I'm happy to share a list of our publications about these traditional stories that can be heard now. There are creation stories, such as how fog came to be. We also have stories that can teach us, such as *The Owl and the Lemming*, in which the lemming was able to use his smarts to get away from an overly confident owl, teaching children not to be boastful.

I hope you will enjoy them as much as I enjoy them.

Based on an acclaimed National Film Board of Canada/Inuit Broadcasting Corporation co-produced animated short, *The Blind Boy and the Loon* is a beautiful retelling of a traditional Inuit story that both explains the origin of the narwhal and cautions listeners against the dangers of seeking revenge.

Based on a traditional Inuit story, this tale of inner beauty, kindness, and magic is a perfect addition to any young reader's bookshelf.

A soft, painterly illustration of a young girl with dark, curly hair, wearing a purple dress, sitting in a field of tall, golden-brown grass. She is holding a long, thin, light-colored object, possibly a piece of wood or a stick, in her hands. Behind her is a large, rustic, conical structure made of brown, textured material, resembling a traditional Inuit igloo or a large tent. The structure has a dark, irregular opening on its side. The background features rolling hills in shades of blue and purple under a sky with soft, white clouds. The overall style is gentle and evocative, with a focus on natural elements and a sense of quiet solitude.

Piujuq is a kind young woman who loves to take long walks on the tundra and dance by her favourite lake surrounded by butterflies. But one day, she encounters a stranger on her walk. When this person asks a favour of Piujuq, she happily obliges, and that kindness leaves Piujuq stuck in the body of a caterpillar. Alone, and thinking that no one could ever love her because of how she looks, Piujuq does not return to her camp. Instead, she lives a lonely life on the tundra as a caterpillar. Until one day, when another stranger appears . . .

The Dreaded Ogress of the Tundra introduces the world to the *amautalik*, one of the feared land spirits of the North. It is said that these powerful women wander the tundra looking for disobedient children and unsuspecting travellers and carry them away on their backs. This book contains general information about these supernatural beings as well as two spine-tingling retellings of traditional Inuit legends. A must-read for young readers who are intrigued by the dark and dreaded beings of the North!

Based on award-winning musician Beatrice Deer's powerful song "Fox," this graphic novel reinterprets a traditional Inuit story for a new generation.

"The northern lights bounce off the horizon to enhance the mystery of this world, inviting readers to imagine a distant place and time when animals could become human. The story of a divide that cannot be bridged will leave readers with much to ponder."

One cloudless night, a fox falls to earth and comes across a family of humans. As the seasons change and they move their camp, she follows them, growing ever more intrigued by human ways—and especially by the oldest son, Irniq.

When Irniq grows older and sets out hunting on his own, he is surprised to enter his tent one day and find the lamp lit, the tea made ... and a strange woman who says she is his wife. Tired of being alone, Irniq welcomes the woman. But soon he grows curious and cannot stop himself from asking too many questions. Where did the fox pelt hanging in their tent come from? And why did the fox that had been following him suddenly disappear?

Jose Angutinnurniq, a gifted storyteller and respected elder from Kugaaruk, Nunavut, brings to life a story of the great nanurluk that has been told in the Natsilik region for generations.

The sea animals have disappeared, and people are starving. An old couple, once great shamans, are asked to journey to the Mother of the Sea to find out what happened to the animals. But the journey is dangerous...

The Mother of the Sea is an important character in Inuit traditional stories shared across the circumpolar region. Known by many names across various regions of the Arctic, the Mother of the Sea is a powerful woman who can withhold the animals humans need to survive if she is displeased by human behaviour. Only a shaman is able to appease the Mother of the Sea and convince her to release the animals that the hunters so desperately need. This version of the tale has been told and retold in Greenland for generations.

In this Inuit tale, the actions of a hare and a fox change the Arctic forever by creating day and night. In very early times, there was no night or day, and words spoken by chance could become real. When a hare and a fox meet and express their longing for light and darkness, their words are too powerful to be denied. Passed orally from storyteller to storyteller for hundreds of years, this beautifully illustrated story weaves together elements of an origin story and a traditional animal tale, giving young readers a window into Inuit mythology.

In the time before animals were as they are today, Raven and Loon were both white. Their feathers had no colour at all. Raven spent his days swooping through the sky trying to fight off his incessant boredom, while Loon spent her days in her *iglu* working away on her sewing. One day, too bored to even fly, Raven visited Loon and suggested a sewing game that would give their feathers some much-needed colour. The results—not at all what the two birds expected—led to Raven and Loon acquiring their now-familiar coats.

This whimsical retelling of a pan-Arctic traditional story features lively, colourful illustrations from Kim Smith.

Siuluk is a very strong man. He's so strong that people tell him he must be the last of the Tuniit, friendly giants who once lived in the North. Just like those giants, Siuluk is so strong that he can carry an entire walrus over his shoulder.

But not everyone believes that Siuluk is strong. One day, when a group of men tease Siuluk about his size, he has to find a way to prove his strength once and for all—but how?

Based on traditional stories from the Chesterfield Inlet area of the Kivalliq region of Nunavut, this tale of Siuluk and his legendary strength will captivate young readers.

This beautifully illustrated picture book tells the story of the spirit of the sea, referred to as Nuliajuq, Sedna, Takannaaluk, and many other Inuktitut names.

Once a young woman who refused to marry, the lies and deceit of a treacherous bird—and her own father's cowardice—lead Nuliajuq to a life of solitude at the bottom of the ocean as the powerful, at times vengeful, spirit of the sea.

The Spirit of the Sea provides young readers with an authentic retelling of one of the most important, powerful legends in the canon of Inuit traditional stories.

Sukaq loves to drift off to sleep listening to his mother tell him stories. His favourite story is the tale of how a raven created the world. But this time, as his mother begins to tell the story and his eyelids become heavy, he is suddenly whisked away on the wings of the raven to ride along as the entire world is formed! This traditional legend from Inuit storyteller Roy Goose is brought to life through co-author Kerry McCluskey's jubilant retelling.

"Takannaaluk" means "the one down there"—a term used in the High Arctic to refer to the mother of sea mammals, the most important being in Inuit mythology. This unique picture book tells how she came to be both feared and respected. As a young woman, Takannaaluk is tricked into marrying a sea bird posing as a man and then betrayed by her family. Her story is brought to vivid life by respected elder Herve Paniaq and renowned artist Germaine Arnaktauyok.

Winter can be cruel in the Arctic, and food quickly grows scarce for those who cannot hunt. In these difficult times, the grandmother of an orphaned boy wishes aloud for the *qallupaluit*—strange, monstrous creatures that live under the sea ice—to take her grandson away forever.

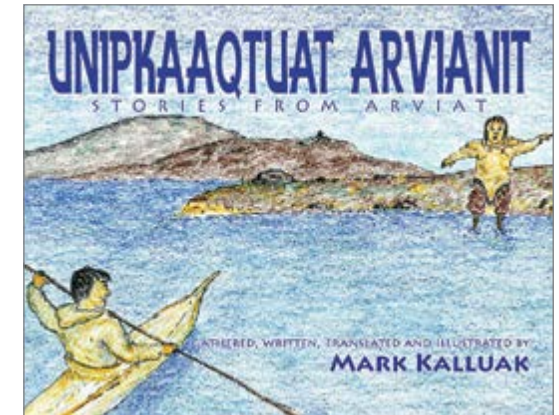

The old woman soon regrets her hasty words when the little boy is snatched and carried away to the creatures' underwater lair. After enlisting the help of her fellow villagers, the old woman learns that her grandson may be happier with the *qallupaluit* than he ever was with her.

Written for contemporary audiences by acclaimed Inuit author Rachel A. Qitsualik and illustrated in a quick, comic book style, this tale is sure to thrill middle-grade readers.

Well-loved and respected community member Mark Kalluak has collected stories from around Arviat since the 1970s. He has meticulously documented the stories that have been passed down from generations, including stories he grew up hearing his mother tell. In these delightful books for audiences of all ages, Kalluak shares his favourite versions of traditional and personal tales, lovingly illustrating and translating them himself.

In these volumes, learn about the origin of the sun and the moon, the ogress that stole children, all sorts of animal fables, and much more. A refreshing change from academic examinations, this collection is gathered by an Inuit elder who is personally invested in preserving these treasures for generations to come.

Based on a traditional Inuit story passed down orally for generations, this book shares with young readers the origin of the caribou and the walrus—and tells of how very different these animals looked when they were first conceived.

Kudlu's children will not go to sleep until he tells them a story of long ago. Before they will shut their eyes, they want to hear about a time long before Kudlu was born, a time when the world was magic. Before they can sleep, they want to hear about giants, animals disguised as humans, little people the size of lemmings, and all of the other wonderful things that existed way back then.
